Email forwarding generically refers to the operation of re-sending an email message delivered to one email address to a possibly different email address(es).. The term forwarding has no specific technical meaning, but it implies that the email has been moved "forward" to a new destination.. Email forwarding can also redirect mail going to a certain address and send it to one or more other ...

Emotional self-regulation or emotion regulation is the ability to respond to the ongoing demands of experience with the range of emotions in a manner that is socially tolerable and sufficiently flexible to permit spontaneous reactions as well as the ability to delay spontaneous reactions as needed. It can also be defined as extrinsic and intrinsic processes responsible for monitoring ...
