Use our free, printable reading comprehension passage exercises to improve your student's reading skills! Recognizing letters and words is an important first step in learning to read.

Reading Comprehension Worksheets | 1st - 10th Grade Passages

Thermal conduction is the transfer of heat (internal energy) by microscopic collisions of particles and movement of electrons within an organ. The microscopically colliding particles, that include molecules, atoms and electrons, transfer disorganized microscopic kinetic and potential energy, jointly known as internal energy.
