This guide provides a basic introduction to the ACS citation style. It is based on the 3rd edition of the ACS Style Guide published by the American Chemical Society in 2006. The ACS Style Guide is generally used for academic writing in chemistry. Below are basic explanations and examples for the most common types of citations used by students.

ACS citation style - Concordia University

1. The student must be a member of the ACS and must present his/her paper/poster at a Regional or National ACS meeting.

Students who are not making presentations are ineligible.
